Wireless Phone and Data Extension for 15 miles

When you need a phone or data line, but can not run wire, WOPX (Wireless Off Premise Exchange) by Teletics is your solution. WOPX systems are reliable, easy to install, and the most economical solution for your line extension needs. With WOPX you can place and

receive, calls, faxes, emails, and even access the internet.

WOPX has been used throughout the world in some of the most environ-

mentally demanding situations. Oil and gas drilling operations, fuel management systems, utility companies, and security facilities all rely on the Teletics name and WOPX performance. Why? Because traditional telephone and consumer communications products fail in these demanding environments.

WOPX G4 - The Best Solution

- Drastically reduces communication set up time and manpower costs for moving work sites
- Eliminates exorbitant cabling costs associated with providing telephone and computer network services to customers where none previously existed
- Offers superior reliability of communications over temporary wiring approaches which are prone to failure
- Programming and system configuration changes are quick and easy due to the simple design of WOPX
- Perfect for point to point, direct line communications
- 5.8 GHz version offers 400 MW of power
- 2.4 GHz version offers 1 Watt of power

WOPX G4

Whether you need a phone line for security system monitoring, electrical distribution metering, machine to machine communications, or voice and fax for the building across the street, WOPX G4 is the most reliable, easy to install, economical solution for you.

WOPX G4 Specifications

Phone Connector: Standard RJ-11

Data Connector: Standard RJ-45

Modem Data Speed Supported:
Up to 9600 Baud

Antenna Connector: N Female

Radio Type 2.4GHz: 2.4 GHz DSSS
License Free

Radio Output Power: 1W / +30 dBm

Radio Receive Sensitivity: -89 dBm @
10 -5 BER

Radio Type 5.8GHz: 5.8 GHz DSSS
License Free

Radio Output Power: 400 mW /
+26 dBm

Radio Receive Sensitivity: -89 dBm @
10 -5 BER

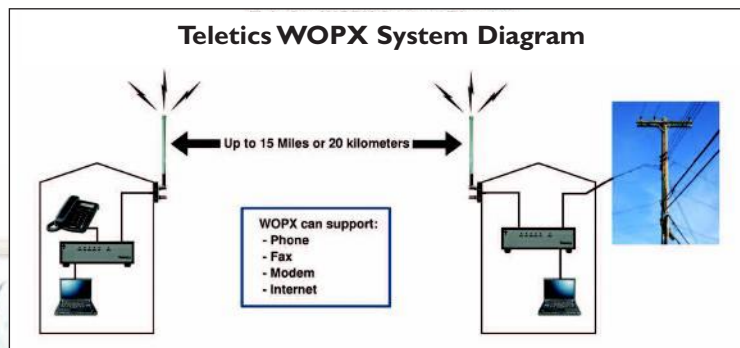

Maximum Range: 25 kms / 15 Miles

Power Required: 12 VDC @ 2A

Operating Temperature Range: -40C to
+55 C / -40F to +130 F

Dimensions: 7.6" x 6.1" x 2.25"

Shipping Weight, including packaging:
7.6 kgs / 17 lbs

Features

- Communicates up to 15 miles away (25 km)
- Standard RJ11 and RJ45 connections
- Baud rate of 9600
- Available on 2.4 GHz or 5.8 GHz
- Includes improved signal strength software at no charge
- 1 Year Factory Warranty

About Us

Teletics has been manufacturing high quality, industrial strength wireless phone products since 2003. Teletics is dedicated to designing products that withstand tortuous environments and climates, while working reliably and consistently. This commitment to our customers has helped Teletics become one of the premier suppliers of wireless phone products. Today, Teletics has thousands of systems in operation across the globe.
